

Send your measurements and we will make overall WINDOW SCREENS to fit your windows. The "Full Size" Screen goes on outside like a Storm Window, completely covering the window opening and permitting the sash to be raised or lowered at will. In measuring for "Full Size" Screens take the same measurements as for Storm Windows. Always mention WIDTH FIRST, then height. The "Half Size" Screens are measured from sill to top of "meeting rail" of Sash. We send the necessary "fill in" piece for the top of "Half Screens"

MADE-TO-ORDER

14-200. WINDOW SCREENS made with Clear Pine Frames, size 3/4" x21/4" painted one priming coat (cream color); covered with Wire Screen and finished with rounded Moulding. Freight paid with \$10 order. Priced by the square

OVER 50 PLANS The Halliday BOOK OF HOMES shows pictures and floor plans of over fifty modern homes. A price list goes with the book, giving the cost of all materials to build each home (masonry excepted). Prices run from \$650 to \$2500. Every intending builder should have a copy of this book. IN-BUILT COMFORT

SERVICE TO HOME BUILDERS

We suggest that COMFORT is the feature of your new home which, in the long run, will mean most to you. You want your new home to look well; you want it to be conveniently planned; you want to save as much as you can on the cost—but above everything you want the house, when completed, to be a home of all-weather comfort.

STARTLING IDEAS REVOLUTIONARY METHODS

You'll be astonished at the things Hallidays do to insure all-weather comfort in your new home. Things the ordinary builder never thinks of. Details that are absolutely VITAL to the question of comfort but which are completely ignored in ordinary practice. Crazy ideas! So they seem to those who do not realize that the whole background of home construction has changed and is changing. People are waking up to the fact that comfort is not a happy accident; that it must be made the KEYNOTE of home construction. Only by planning for comfort; only by using the right materials in the right place can all-weather comfort be achieved. And this is the aim and object of Halliday "COMFORTESTED" construction.

IF YOU PLAN TO LIVE IN THE HOUSE YOU'RE BUILDING, DON'T FAIL TO INVESTIGATE

THINNING PAINT

On new work thin FIRST coat with one Pint of TURPS per gallon of paint except on cedar, spruce, cypress use 1 quart. On old work use a half pint LINSEED OIL per gallon.

GUARANTEED FIVE YEARS

Because we know the quality that goes into the can we do not hesitate to put this Guarantee on the label. All we ask is that you read and follow the simple instructions on the label. Do this and we guarantee the results, for FIVE YEARS. To us this means keeping up the highest standards of quality. To you it means guaranteed results, lasting protection.

HOW MUCH PAINT TO ORDER

"Purity" House Paint will cover about 350 square feet per gallon, TWO COATS, on new, clean work or over old paint in fair condition. On weather-beaten rough surface about 300 square feet. To find number of gallons needed for a frame house take the distance in feet around your house, multiply by the height to eaves, plus 2 feet for cornice. Now divide by 350 or 300 depending on the condition of the surface. The result will be the number of gallons required. Trim color can be estimated at one gallon to every five of body color.

FOR SUITABLE BRUSHES SEE PAGE 9

Tennessee Aromatic Cedar Lining defies the moth. NO MOTH, EGGS OR LARVAE, can live in a closet or chest lined with Aromatic Cedar. Ordinary Cedar is useless. The wonderful Aromatic Oil of Cedar is found only in the red heartwood of the cedar log. It is the aroms or fumes from this oil that is deadly to the moth. Therefore, we offer only genuine AROMATIC Tennessee RED Cedar containing 90 PER CENT OR MORE HEART WOOD.

SUPER-CEDAR CLOSET LINING

Protect Furs, Woollens, with Tennessee Super Cedar Lining. Line your clothes closet (including door) also trunks, chests, cupboards. Easily applied because each piece is tongued and grooved at ends and sides.

DEPTH OF WELL Pumping Systems on this page are for "shallow wells" or cisterns, not more than 22 feet from pump to low water level. If your water level is lower than this please write for our price on "deep well" outfits.

North Zone 70.50

FRESH WATER SYSTEM

With this new system practically no water is held in storage. It is pumped as required and comes direct from well or cistern each time you open a tap. The complete pumping unit occupies floor space barely more than two feet square, and will operate off an ordinary lighting circuit. The automatic switch "cuts in" and starts the pump the moment a tap is opened or the closet flushed. A splash oiling system insures proper lubrication. The system is simple, quiet and positive in operation.

FOR WELLS 22 FEET DEEP AND LESS

34-2400-Fresh Water SUPPLY SYSTEM as pictured and described above; capacity, 250 gallons per hour. Suited for ordinary household requirements of 5 to 7 persons.

Price with 60 cycle

extra with necessary fittings.

The problem of sewage disposal is settled by the Septic Tank System. Raw sewage flows into the tank and thence out through a disposal bed made of field tile about 18" underground.

CHEAP AND EASY TO INSTAL

No skilled labor needed. Anybody can instal a SEPTIC TANK SYSTEM of sewage disposal, following directions which we will send free on request to intending purchasers. Once properly installed the System requires no attention or upkeep. Our TANKS are made of "copper bearing" steel coated inside and outside with asphalt enamel. We quote below the two sizes most called for but on request shall be pleased to quote larger sizes for Schools, Tourist Camps, etc. FREIGHT 34-2410-Size 36" x 48" | 34-2412-Size 46" x 48" for 7 person 26.50 for 10 person 36.50 household.... 36.50 PAID PRICES

In North Zone 28.25 In North Zone 39.00 See price of Sewer Pipe and Disposal Tile below.

ELECTRIC WATER SUPPLY

Prices are now at the lowest level in years, with the probability that factory costs will advance shortly. Surely never a better time to instal this "silent servant" in your basement, there to keep a supply of water always on tap for bathroom, kitchen or laundry. Cost of installing, too, is cut to the limit. At a nominal rental we send you the full outfit of necessary tools. It's a good time to modernise your home!

PUMP, PRESSURE TANK AND MOTOR

GALVANIZED NIPPLES 34-2491—Galvanized, right hand NIPPLES to fit standard pipe. Prices show cost each. 136" 135" 134" 11" | 134" | 135" | 2" 210 22c 6c 140 90 Close 5c 8c 36c Short 26c 11c |14c 37c 210 9c 10c 27c in. 12c 15c 16c 90 21/2 in. 22c 28c 29c 10c 23c 13c in. 11c 3 in. 11c 140

RUNNING WATER IN YOUR HOME

34-2406—The hand operated PUMPING SYSTEM gives the same service as the Electric System. Requires about 10 minutes pumping daily to supply 5 persons. Size of Tank 24" x 60", capacity 95 gallons of water. Pressure gauge, water gauge and gate valve supplied. 11/2" suction and 1" discharge piping, etc., extra. Price complete with double-acting HAND POWER force pump 54.00 as pictured.

OR USE YOUR GAS ENGINE 34-2408—A small Gasoline Engine will operate your Pumping System very satisfactorily, using the same Tank as No. 2402 above, with a power drive pump. Our price (no switch or motor) you to furnish the Gas Engine and Belting as well as necessary supply pipe and discharge 60.00 Pipe. ORDERS PREPAID

Prices in this catalog show the cost of goods delivered at your nearest railway station in Ontario or Quebec Province, "Freight Paid" and "Tax Free". Just make up an order of Ten Dollars or over and you'll have no railway freight to pay. Should you wish your order delivered by Highway Transport please instruct us, giving name of Transport Company. NOTE.-Transports will not accept shipments for

delivery off the highway. WE RESERVE THE RIGHT TO SHIP CHEAPEST WAY

NORTH ONTARIO and QUEBEC

CUSTOMERS PLEASE NOTE

On certain of our heavier goods we have to charge a little more for delivery in our "NORTH ZONE" as described on the map below. This extra charge for NORTH ZONE delivery is always clearly stated in our catalogs or circulars.

NORTH ONTARIO If you live North of North Bay North or West of Sudbury Our NORTH ZONE takes in all stations in Ontario beyond North Bay, Capreol and Sudbury as far as "Soo", Franz, Oba, Hearst and Cochrane. QUEBEC PROVINCE

Order at North Zone Prices. All railway stations in Quebec Province are in our NORTH ZONE except Gaspé Peninsula where customers deal with our Nova Scotia office at Truro, N.S.

ROUYN

ANGLIERS

QUEBEC

JAMES BAY AREA

North of Cochrane to Moosonee we allow from 80c to \$1.25 per 100 lbs. toward paying freight on goods ordered at North Zone prices (\$10 and over).

NORTH-WEST ONTARIO Customers west of Algoma Central Railway please order from our Port Arthur Office.

MANITOULIN ISLAND We deliver free \$10 orders to Owen Sound during open navigation. Or if orders are sent at NORTH ZONE prices we will pay boat charges as well. After close of navigation please order at NORTH ZONE prices and we deliver as far as Little Current.

BOAT CHARGES

Our prices include railway freight but do not cover boat charges. But customers in Manitoulin Island or Muskoka Lakes district may order at NORTH ZONE prices in which case we pay boat charges as well. C.O.D. MONEY CHARGES Customers ordering goods C.O.D. will pay a small collection charge to the Bank, Railway or Transport, in addition to our bill. We get none of this.

HALLIDAY'S ROOF COATING SAVES ROOFS

A black waterproof COATING about as thick as molasses. Will stick to any surface, penetrating into cracks and forming a tough. seamless, leak-proof skin over the old roof surface. Goes on with a mop brush. Anybody can

ADVICE ON YOUR

If the following brief suggestions do not help you please send full particulars for our free advice.

Leaky Metal Roofs

For rust or pinhole leaks use "Halli-day's" COATING (page 29). Notice-able breaks in the surface need ASPHALT PUTTY, priced above.

Slate Coated Roofing

Water does not come through the felt. Put ASPHALT PUTTY over the laps. nail heads, valleys, chimney flashings, side flashings. See that the ridge is properly covered. Don't cost the

Smooth Felt Roofing

Treat laps, etc., with ASPHALT PUTTY (as above). If felt has dried out apply "Halliday's" COATING over whole surface (see page 29).

Wood or Asphalt Shingles Cover old weather-worn Wood Si

Roll Roofing. If your Asphalt Shingle roof is leaking send us full particulars and await our advice.

CAULKING CEMEN

CAULKING SAVES **FUEL DOLLARS**

Shoot this plastic CAULKING CEMENT into the cracks around Window and Door Frames. Do it yourself. A few cents each window or door gives you protection against sifting winds. Summer is the best time to do the work.

WE RENT YOU THE GUN

Black Caulking Cement is the kind generally used. Figure about 8 to 10 windows or doors

per gallon. 54-3002-

In North Zone add 10c PER GALLON

54-3006-Two week's rental costs you only one Dollar. You send the price of the Gun \$5.00 cash with your order and on return (charges paid) we refund \$4.00. Over two weeks we charge at the rate of 50c per week or part of week.

unexpectedly we are able to repeat this bargain value in overlength "shorts" of heavy, durable Maple FLOORING. Thickness thirteen-sixteenths inch. 18" to 36" long (ordinary "shorts" only 9" to 18"). All boards tongued and grooved, sides and ends.

MAPLE ALL TOP GRADES YOU'LL BE DELIGHTED!

20-3105. We guarantee you'll get results practically equal to a 13c flooring. Our factory clearance price per square foot LAID MEASURE, freight paid (\$10 orders).

Genuine HARD MAPLE. Per

quare foot NORTH ZONE ADD 1c PER FOOT

HARDWOOD F LUURII

THREE-EIGHTHS INCH THICK

At this reasonable price we offer the pick of Northern grown MAPLE FLOORING, practically clear of knots or surface imperfections. Known as "PRIME GRADE" which includes the two top grades, No. 1 and No. 2 mixed. Made from half-inch boards, dressed to a finished thickness of three-eighths inch. Machined with a smooth, hard finish; tongued and grooved at ends and sides. Good lengths for easy laying. This is known as "veneer" flooring because always laid over old floors or sub-floors. Directions for laying and finishing sent.

MONEY-SAVING

20-3100. Our direct dealing price, per square foot "LAID MEASURE", delivered with your Ten Dollar Order to stations in Ontario as far as Ottawa Valley, North Bay and Sudbury PRICE IN NORTH ZONE (see page 29)9c

Just as the best Maple and Birch come from the North, so the best OAK for Flooring purposes comes from the Southern States. Ours is imported in "the rough" and run into Flooring in Canadian Mills; then shipped direct to you at "Factory Distributors" prices, freight paid and tax free. No wonder our prices are most reasonable!

MOST POPULAR GRADE

Here we offer you genuine Southern OAK FLOORING in the popular "Second" grade which lays a fine looking floor practically free of knots or blemishes. The boards are all threeeighths inch in thickness; tongued and grooved at ends as well as sides; and in good lengths. Intended for laying over a sub-floor or on top of old worn flooring.

AND A LOW PRICE

20-3102. Genuine Southern OAK FLOORING. Price per square foot, LAID MEASURE, delivered (\$10 orders) in Ontario as far as Ottawa Valley, North Bay, Sudbury

GREAT

20-3104. Tennessee OAK FLOOR-ING in short pieces 8" to 15" long. For nailing over a sub-flooring of cheap lumber or over top of old floors. The finished results will please and surprise you! Because the flooring is all good grade and being tongued and grooved at ends and sides it fits together like a piece of furniture. Our low price direct to you, freight paid (\$10 orders), per square foot LAID MEASURE:

1/2C

Cement, Nails extra. Priced above.

KETTLE ASPHALT

Used for mopping on "Built-up" Roofs. Comes solid in large metal drums and must be melted. A drum will mop about 25

squares, one layer.

54-3410. Melts 170°. Melts at 54-3412. 210', used for steep roofs.

Per drum about 500 lbs. U./J In North Zone13.00

METAL DRIP EDGE

48-3414. Metal DRIP-EDGE. Protects roofing from damage at eaves, caused by ladders and high winds. Carries water clear of roof. Gives a neat and lasting finish. Price per running foot in strips about 20" long. Per ft. galvanized

"Jumbo Weight" is ten pounds heavier than "three ply". Thicker and more durable! A plain black sheet of Roofing not loaded with slate or rock coating. Made of heavier felt than ordinarily used in ornamental colored roofings and consequently gives you greater protection per dollar. Customers look upon this as one of our best values. We guarantee that you'll be pleased.

KAGAWONG KOTTAGE

This compact plan gives you the most for your money in liveable accommodation. The semi-detached Kitchen is a feature, while the Veranda can be screened to provide an outdoor

living or sleeping room. The main room can, of course, be divided if desired by purchasing some extra materials for partitions. Our price covers ALL material to build the complete Cottage as pictured above. We pay the freight as alr ady mentioned, and we absorb the Tax. Blue Prints show how to erect the Cottage and this simple plan can be built by any handy man who wants to put up his own Cottage. We invite you to write for further details.

VERANDA

ATTENDED TO A STREET OF THE PARTY OF THE PAR

"VAGABON

Happy days spent out of doors-and restful nights under a snug roof. And for those occasional "bad days" a warm, dry shelter and all the room good company ever needs. The cosy bunks will sleep 8 people, and the interior is designed for mixed parties. Framing materials shipped "ready-cut" with Blue Prints showing how to erect. We deliver, as explained on page 1. Why rent year after year when you can buy this jolly holiday rendezvous on easy terms of payment?

NOT FOR

Get your friends together. Let each one take a "share" and by thus dividing the cost 4 or 8 ways you'll own your cabin and scarcely miss the money. Write for our detailed suggestions "How to organize a VACATION CLUB".
